PREMIUM TRAVEL COT SET IN MODERN, TILT RESISTANT DESIGN

The Play N Relax Center travel cot comes with comprehensive accessories and can be used in four different ways. Your child can comfortably sleep and play, you can easily change your baby's nappies and transport the folded cot wherever you wish, allowing maximum flexibility right from birth. A foldable base is already included. For even more comfort, we recommend the separately available foam mattress and fitted sheet measuring 120 x 60 cm.

Thanks to the elevated new-born level, you can comfortably lay down your baby who can be easily reached during the night. On the included changing table with safety belt, you can change your baby's nappies and lay down your little one back in the cot. Later on, you can remove the level and the changing table. In the lateral utility pockets, you will always have wet wipes and co at hand.

During daytime, you can effortlessly relocate the bed thanks to the two integrated wheels and use it as playpen. The side exit on the cot's end, which can be opened by the outside only, offers your toddler entertainment. Your child can independently crawl out and back in again when wanting to relax.

By pressing the buttons located in the middle of all four sides, the assembly and folding can be done in the blink of an eye. Folded up compactly, you can easily stow away the travel cot and accessories in the included carry bag.

The Play N Relax Center is a premium travel cot that unifies high-quality fabrics with the tilt-proof stability of its a-shaped frame. Selected premium fabrics in a modern design offer the perfect balance of form and function and blend into any living environment.
