TRAVEL COMPANION

In the Sleep'n Play Go Plus your little one will always sleep like they're at home. This cot is simply ideal for holidays, visits to granny and granddad, or as a handy second bed at home. Easy to set up and folds up small, so it can be taken anywhere without hassle.

IT'S PLAYTIME!

The side trapdoor provides lots of fun and allows your child to climb in and out. During the day the travel bed serves as a play centre, and at night—thanks to the rollers—it becomes a bedside cot in the bedroom. Your baby can thus always be close to you, so that they can sleep with ease.

OPTIONAL ACCESSORIES

For hauck travel cots we recommend the comfy 120 x 60 cm Sleeper extra mattress and the Bed Me fitted sheet.

Even when travelling, your child will sleep as soundly in the Sleep N Play Go Plus as if they were at home. This travel cot is simply perfect for holidays or for a trip to the grandparents. At home, the travel cot can be used as a practical extra bed.

In the Sleep N Play Go Plus you can let your child play or sleep with an easy mind thanks to the see-through panels that allow you to see what's going on. The trapdoor on the side also provides lots of crawling fun.

The rollers allow the Sleep N Play Go Plus to be moved with ease. External buttons on all four sides make setting up or packing up effortless, even for one person. The folded-up cot can then be carried or pulled behind you like a suitcase.

Practical accessories are also available separately, such as the 120 x 60 cm Sleeper mattress and Bed Me fitted sheet.
