ALPHA NEWBORN SET PRE

THE HIGH CHAIR THAT GROWS WITH YOUR BABY

On the same level from day one

Whether having a leisurely dinner or a cappuccino, the Alpha+ highchair and baby lounger attachment ensure that you and your baby are always on the same level.

Your baby's delicate head is protected by the newborn attachment with 3-point belt. The cuddly cover is extra comfy against your baby's skin, and easy to wash too!

A bigger child needs a lower highchair. The adjustable seat plate and foot plate allow the chair to be tailored to your child's size as they grow.

Everything included

Everything your child needs is included. Newborn attachment, crotch belt, 5-point harness and front bar ensure safety, plus more relaxed mealtimes.

Measuring 70cm high including the front bar, the Alpha+ fits under almost every table, meaning your child can always feel included, whatever you are doing.

Topple-resistant

Children are always moving! That's why we have made the Alpha+ extra resistant to toppling. Even if your child pushes away from the table, the gliders ensure that the chair slides gently backwards and remains standing.

Seat reducers or a soft seat pad provide your child with extra comfort. Keep everything tidy with the storage boxes. The food tray and games board with beautiful wooden toy are the perfect addition.
